Donors are eligible for 80G Tax exemption. Proper receipts with acknowledgement will be sent to you by the college office.

A general appeal to those who wish to become a partner to give college education to rural youth:

The college has set up its own Management Scholarship fund realising the need to support those who come from very low socio economic strata. A simple survey of our student population reveals the following socioeconomic background of our students:

- 66% of them are hailing from families of Agricultural labourers and coolies
- 42 % are first generation learners and 46% are below poverty line
- 10% are children of single parents
- 20% of our students go for part time jobs after class hours and on holidays to add to their family income or to pay their fees

Realising the need to support these students, (since the Govt scholarship which some of them get meets only 20-30% of their tuition fees alone), our college Management has set up several scholarships, Merit, Sports, Alumni, single parent, siblings, 'earn while you learn' and other needy students scholarships. If you wish to be a partner in this educational service ,you may send your voluntary contributions towards these scholarships. The college has a well organised scholarship committee which scrutinises the scholarship application and recommends those who really qualify or deserve.

An Appeal:

Contributions of one lakh or more would be named as Endowed scholarships named after the donor and proceeds from such endowments would be given as scholarships every year . You may send your contributions by NEFT /cheque/ draft to our Bank accounts mentioned below:
